

Stokes, Prock & Mundt FUNERAL CHAPEL

We understand that with the COVID-19 pandemic that everyone may be feeling stressed and confused about what to do next. In this uncertain time, we want to reach out to our community to share our plan to work through this in the coming weeks. The health and well-being of the people in our community and our staff is our highest priority. We will be taking every precaution necessary to ensure that we are able to continue to serve when called upon. We are being very diligent in the cleaning and disinfecting of our facility several times a day. We are also limiting foot-traffic into our facility. We ask that you put off any unnecessary visits to our office until further notice. All business can be conducted in another manner (telephone, email, postal mail, etc). Please continue to reach out to us for your needs and we will direct you to the best method to meet those needs. If a death occurs, we are still operating to serve at-need families (with a few added precautions to protect our staff). Arrangements can be completed by telephone or email to gather the immediately necessary information. To align with CDC guidelines for large gatherings, we are not currently scheduling any funerals for the next few weeks. Please keep in mind that while this may be an inconvenience, many of the people who attend funerals are in the high-risk group. Regardless of whether you choose cremation or a traditional viewing, you can still have a funeral at a later date once this has passed. Our funeral directors will discuss all options with you so that you can make an informed choice under these unprecedented circumstances.
